# WeRateDogs Insights

Introduction

WeRateDogs is a Twitter account that rates people's dogs with a humorous comment about the dog. The account was started in 2015 by college student Matt Nelson, and has received international media attention both for its popularity and for the attention drawn to social media copyright law when it was suspended by Twitter for breaking these aforementioned laws. The WeRateDogs community is on a mission to celebrate good dogs (they're all good dogs) by sharing their stories, improving their lives, and helping the ones who need us most.
